

Job title: Position "**Flow Cytometry and Cell Sorting**"

Application deadline: 31.03.2022

Job description:

The Cell Therapy Institute, Center for Novel Therapies at the Paracelsus Medical University (**PMU**) is offering a Post-Doc position in an established flow cytometry core facility.

Demands & Tasks:

You are an enthusiastic & goal oriented **flow cytometry expert** with experience in polychromatic flow cytometry and cell sorting and documented record of operating standard flow cytometry equipment. You are capable to take responsibility to supervise researchers in a multi-user flow cytometry core and are motivated to perform research related to cell and gene-based therapy as part of a growing team of highly motivated researchers.

Knowledge in one or more of the following areas is considered beneficial:

Bioinformatics, multidimensional data analysis, pluripotent or somatic stem cell research, transplantation immunology, diagnostic flow cytometry.

Remuneration:

The gross annual remuneration as a Post-Doc for 40 hours/week is EUR 55.242,60 --

Contact:

You are invited to send a short CV incl. publication record, motivation letter (max. 1 page) & max. three references to:

franziska.binder@pmu.ac.at
